DETAILED ACTION

Ex parte Quayle

1. This application is in condition for allowance except for the following formal matters: The applicant has invoked 112 6th paragraph with the claim language “means for” in the claims. Due to the numerous times this is invoked combined with the fact that the specification is quite long (50 pages), the examiner asks the applicant to point out in the specification where the applicant is invoking each “means for” limitation.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

Conclusion

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Lonardi, Kubitschek, and Kokeisl disclose an apparatus for controlling fluid discharge with first and second gate members.
